

The Brand New Pending Inquiries Section of the EPC Landing Page

What's it all about?

Your EPC Landing Page will now have a dedicated Pending Inquiries section that consolidates all pending inquiries and outreach except for COMAD and invoice review inquiries.

The Pending Inquiries section will appear first on the Landing Page above the Notifications section.

You can still access inquiries in the old method(s). For example, you could locate PIA inquiries by accessing a Form 471 and then clicking on the “Review Inquiries” link.

This new section will simply give you quicker and direct access and enable you to see at a glance what you have pending.

What does it include?

All pending items, including past due inquiries, will be listed in a table in this section.

Once an inquiry is submitted, that inquiry is removed from the pending list on the Landing Page. You can still access submitted inquiries in the old method(s).

If you have no pending inquiries, the section will still appear but the table will have no entries.

Your EPC "Landing Page" now displays a Pending Inquiries section
