

Chart: TRIO Asks for COVID Phase 3 v. FY21 v. Phase 4

	Phase 3 COVID request	FY21 Regular Appropriations	Phase 4 COVID Request
Connectivity for all TRIO students (laptops, software, internet)	\$200M: This uses Pew Research estimates that about 45% of low-income people do not have high-speed internet or home computer/laptop	n/a	\$200M
SSS Direct Student Aid	\$248M to provide about \$2000 for lost part-time wages for 202,000 SSS students	n/a	Not included for phase 4 because Phase 3 final CARES Act law included direct student aid via a formula to all colleges.
Waiver language	Targeted waivers for SSS only	n/a	Through Policy Seminar advocacy, we have reached consensus with authorizers to narrow the overly broad waiver in CARES Act.
Capacity Increase for all TRIO programs: 15%		\$164M increase (15%) to serve a total of 330,000 additional students (includes targeted increases below)	\$164M increase (15%) to serve a total of 330,000 additional students (includes targeted increases below)
EOC capacity increase of 50%		\$32M increase (50% increase), 144,000 additional students	\$32M increase (50% increase), 144,000 additional students
TS capacity increase of 25%		\$54M increase (25% increase), 139,000 additional students	\$54M increase (25% increase), 139,000 additional students
TOTAL FUNDING	\$448M	\$250M increase	\$450M increase
