# Where does the Form 470 fall in the E-Rate process?

# Making a Plan

# Question 1: What do I need?

First consider what services are needed and which of those services might be eligible for E-Rate funding.

Use the Eligible Services List for the Funding Year for which you wish to receive E-Rate.

# What is eligible?

#### There are four requirements for eligibility:

- 1. Must be an eligible product or service
- 2. Must be used by an eligible entity
- 3. Must be used at an eligible location
- 4. Must be used for an eligible purpose

# Question 2: What can I afford?

- 1. Get estimates from service providers on the cost of what you think you would need. You are not selecting a provider at this point; you are simply assessing the potential costs.
- 2. Examine your budget to see if you can afford what you need. You should always consider the entire cost (pre E-Rate discount) in your budget. If you can't afford the full cost, revisit your needs.
- 3. Determine your E-Rate discount rate.
- 4. If you are applying for Category Two products and services, calculate your Category Two budget.

# Question 3: What can I do?

Although a technology plan is not required specifically for E-Rate, your planned E-Rate supported products and services should align with your required Maine state technology plan.

Develop a plan that supports what you want and need to do, and what you can afford to do.

# What's next?

Once you have determined the products and services for which you want to receive E-Rate funding, you are ready to file an FCC Form 470 and run an open and fair competitive bidding process.

# The Basics

# What is the FCC Form 470?

A request for products and/or services that opens a competitive bidding process

- Identifies and describes desired categories of service and the function of the services
- Describes the scope of your needs
- Notifies potential bidders of the types and quantities of services that you need
- Identifies any reasons for disqualifying potential bids (must be yes/no either the bidder complied or did not)

If a product or a service is not listed on a Form 470, you cannot request funding for it on a Form 471.

# Do I need to file a Form 470?

- If you are a member of MSLN, Networkmaine files on your behalf for Internet and/or transport services. If you wish to obtain E-Rate funding for <u>any other</u> E-Rate eligible products or services such as those listed under Category 2, you must file your own separate Form 470 for those products or services.
- If you are not a member of MSLN and you wish to obtain E-Rate funding for <u>any</u> eligible products or services, you must file a Form 470 for those products or services.

## Do I need to file a Form 470?

You cannot receive E-Rate funding without first posting a Form 470.

#### Yes in the following situations:

- Month to Month or Tariffed Services:
  - If you are applying for MTM or tarrifed services, you must file a new Form 470 every year.
- Contracted Services
  - If you have an <u>expiring</u> contract, you must file a new Form 470.
  - If you want or need to sign a <u>new</u> contract, you must file a new Form 470.
- Products
  - If you want to purchase products or equipment, you must file a Form 470.

#### No in the following situation:

• If you have an existing multi-year contract in place as a result of a competitive bidding process that includes ALL of the application funding year AND you already filed a Form 470 in a previous year "establishing" this contract, it is not necessary to post a new Form 470 until a new contract is required.

### **Words of Caution:**

Even if you do not need to file a Form 470 for the upcoming Funding Year because you will be covered by an existing multi-year contract, you still must file a Form 471 during the Form 471 application filing window in order to receive any E-Rate funding for that year.

# Who can complete the Form 470?

- No one other than the applicant or an authorized representative of the applicant should either prepare or certify the FCC Form 470.
- The form cannot be completed or certified by a service provider or feature a service provider as the contact person.
- The form cannot be certified by a consultant, but a consultant can prepare the form for or with you.

# How do I file a Form 470?

- 1. The applicant submits a completed FCC Form 470 from their EPC portal account
  - If you have any additional information to provide beyond that which is included on the actual Form 470, then you must also post an RFP to EPC (even if this is just a single page information sheet rather than a traditional Request for Proposals)
- 2. USAC posts the form, opening a competitive bidding process to service providers
- After the form is posted, USAC issues an FCC Form 470 Receipt Notification to the EPC portal account
  - The notification features much of the information featured on the form and provides a means to correct certain errors
  - Check the notification for the "allowable contract date"... this is the earliest date you may file an FCC Form 471

# When can I file a Form 470?

You can file the Form 470 for any given funding year as soon as it is released.

Words of Caution: File as early as possible. Be sure to allow enough time to file the Form 470, wait 28 days, evaluate and compare bid responses, select a service provider, review potential contracts, get all resulting contracts signed, and file a Form 471 all before the Form 471 filing window closes.

FY2024 Form 470 Deadline:

To Be Determined

(28 days before the end of the Form 471 Filing Window)

# Where do I file a Form 470?

You must file the Form 470 by accessing the account in the EPC Portal for the Billed Entity that will negotiate with potential service providers for eligible products and services.

# How many separate forms do I file?

#### Your choice!

You may file one Form 470

OR

You may file a separate Form 470 for each category of service

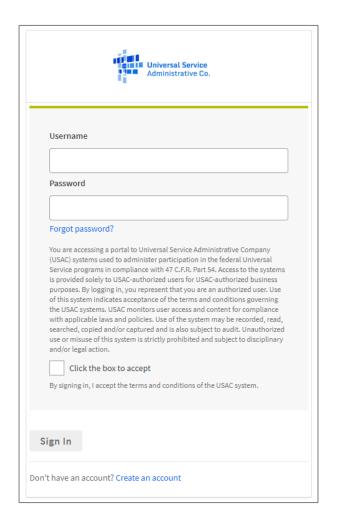

**Recommendation:** Put Category 1 and Category 2 requests on separate forms.

If you are the EPC Account Administrator or the Administrator has granted you rights to create and edit the Form 470, you will create the Form 470 using the steps indicated.

- 1 Navigate to https://forms.universalservice.org/portal
- 2 Log into One Portal with your username (your full email address) and One Portal password

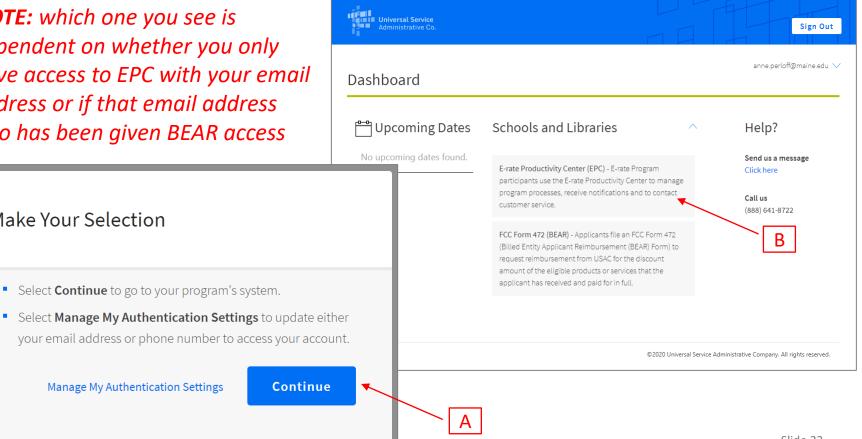

- (3) Complete the steps as prompted to obtain and enter a one-time verification code
- (4) Once you have successfully logged into One Portal, access EPC either through the
- pop-up (click on the "Continue" button) or
- B the dashboard (click on the block for EPC)

**NOTE:** which one you see is dependent on whether you only have access to EPC with your email address or if that email address also has been given BEAR access

# Form 470 Section Two: Service Requests

Next, you will select the Category of Service you are requesting and identify the desired products and services for which you are seeking bids.

#### [Category of Service]

1 Indicate the category of service for which you are requesting bids - you can choose Category 1, Category 2, or both categories

#### [Category of Service]

 Make sure that you post for the correct category of service for the services you are requesting

**Words of Caution:** USAC will deny a funding request if the category of service posted on the Form 471 does not match the category of service posted on the Form 470

- Post for all applicable categories of service
  - a service that could appear in more than one category should be posted in both categories
  - a service that could possibly be moved from one category of service to another during application review should be posted in both categories

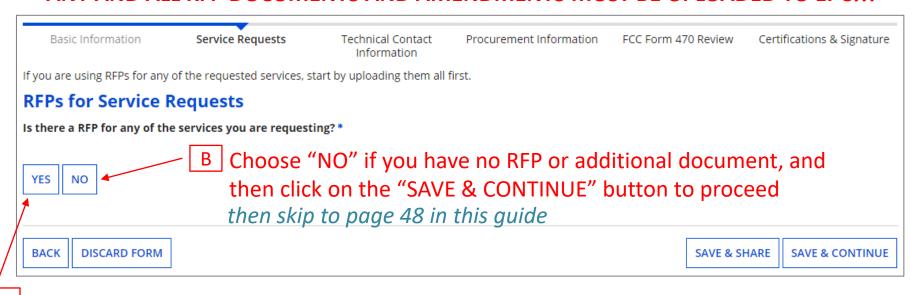

3 Indicate whether or not you are using an RFP (Request for Proposal) related to the services being sought. An RFP is *required* for dark fiber or self-provisioned fiber.

**Words of Caution:** Any additional document that provides information beyond what is provided in the Form 470 itself is considered by USAC to be an RFP (even though the document may not be what you consider to be a formal RFP)

#### ANY AND ALL RFP DOCUMENTS AND AMENDMENTS MUST BE UPLOADED TO EPC!!!

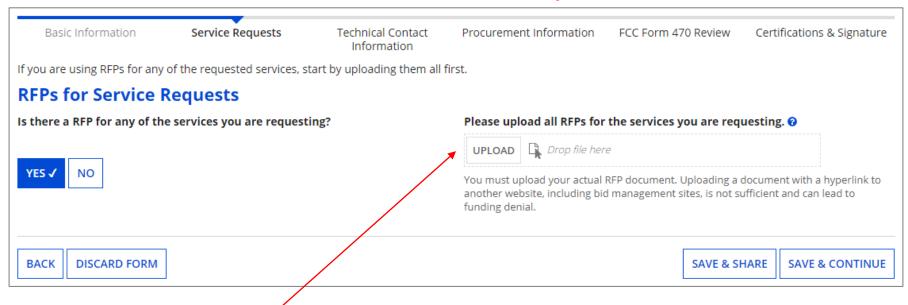

Choose "YES" if you are using an RFP or have an additional document then go to the next page in this guide

If you have an RFP (you chose "YES")....

### **Words of Caution:** Funding requests that rely on an RFP not disclosed on the Form 470 are subject to denial

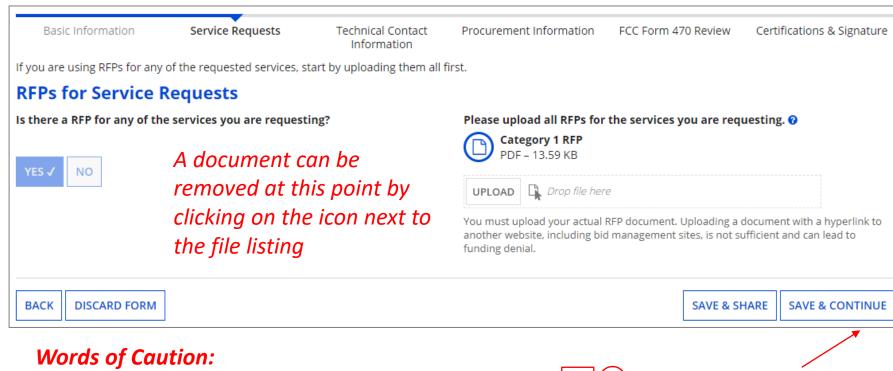

A 1 Upload documents to the portal by clicking on the "UPLOAD" button or simply drag a file from your computer onto the "Drop file here" area

**Note:** You can upload as many additional documents as you desire

Once the form has been certified, you cannot remove documents
Once an RFP has been specified for a service request in subsequent steps, you cannot remove the document without first deleting the service request

A 2 When all RFP documents have been uploaded, click on the "SAVE & CONTINUE" button

#### Verbiage that you might include in an RFP:

- Bid responses must include the service provider's Form 471 pricing and descriptions.
- Bid responses must be received by [a specific date].
- Bidders are expected to make themselves thoroughly familiar with and comply with any rules or regulations regarding the E-rate program.
- Multi-year contracts and voluntary extensions are accepted.
- All contracts or agreements entered into as a result of this RFP will be contingent upon receipt of E-Rate funding. ☆☆☆
- Failure to comply with any of the items above may be grounds for disqualification.

**Words of Caution:** If an entity is not listed on the Form 470, it cannot receive E-Rate funding through the Form 471

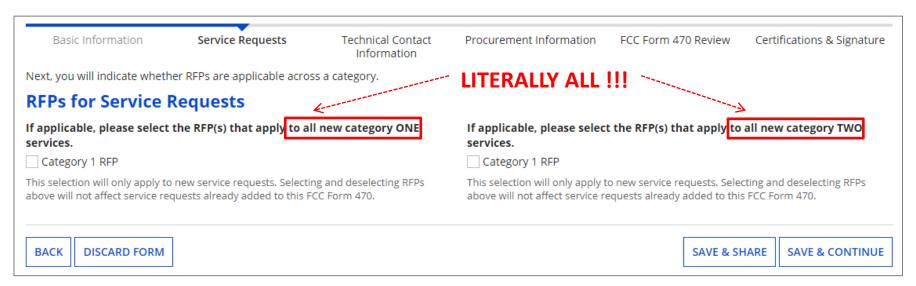

A 3 Indicate which RFPs you uploaded were used to support **ALL** requests for Category 1 and which were used to support **ALL** requests for Category 2 by clicking the applicable check box next to each listed document.

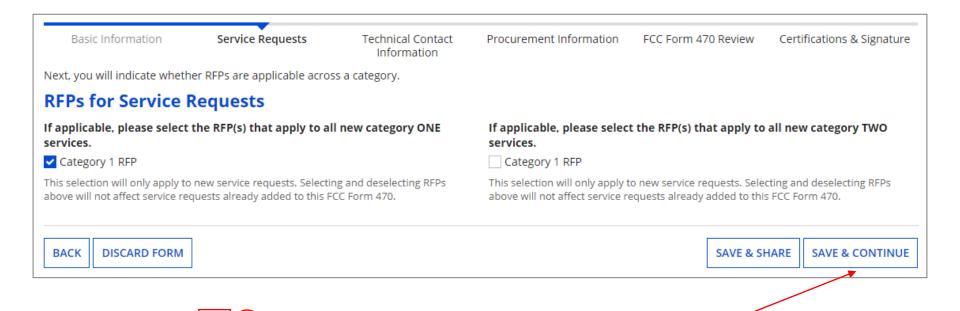

If an RFP document is not applicable to **ALL** requests for that category, you do not need to check the box on this screen. Later, you will be able to select any RFP that is specific to a single service request.

If you chose to include only one category on this form, then only that category will display on this page.

Click on the "SAVE & CONTINUE" button to proceed

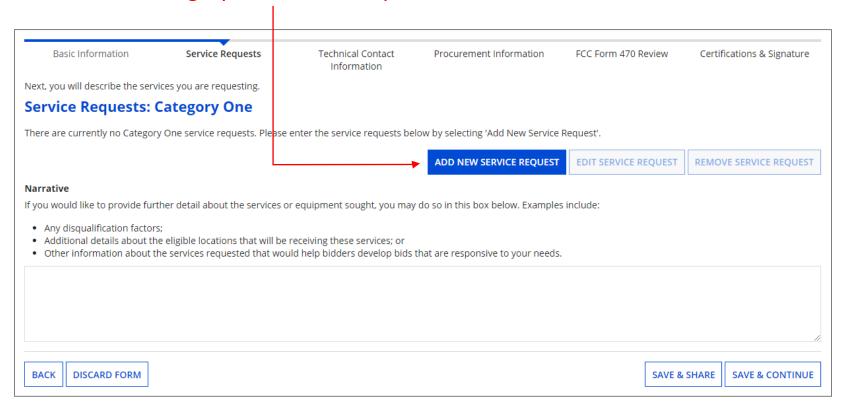

### Category One Service Requests

If you will not be entering Category One Service Requests on this form, skip to page 62 in this guide

**Words of Advice:** I recommend that you indicate either here in the narrative or in your RFP a specific deadline for vendors to submit proposals.

- If your Form 470 or RFP does not state a deadline, you must consider <u>all</u> bids received up until the date that you conduct your bid evaluation. USAC is no longer considering the 28<sup>th</sup> day after the Form 470 is posted as the default deadline to submit bids. If there is a gap between day 28 and when you conduct the evaluation, you will have to consider any bids that you receive during that period.
- The deadline of course must be at least 28 days after the Form 470 is posted.

**Example:** "Proposals must be received by 9:00 AM EST on [insert date here]. We reserve the right to reject late-submitted proposals."

If you are selecting any services that have non-discounted special construction charges, you can request to pay those charges in installments. This option will only appear for those service requests that could potentially include special construction charges.

In accordance with Section 54.503 of the Federal Communications Commission's ("Commission") rules, certain schools and libraries ordering services that are eligible for and seeking universal service discounts must file this Description of Services Requested and Certification Form (FCC Form 470) with the Universal Service Administrator, 47 C.F.R. § 54.503. The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended. 47 U.S.C. § 254. The data in the report will be used to ensure that schools and libraries comply with the competitive bidding requirement contained in 47 C.F.R. § 54.503. Schools and libraries must file this form themselves or as part of a consortium.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information requested in this form. We will use the information you provide to determine whether you have complied with the competitive bidding requirements applicable to requests for universal service discounts. If we believe there may be a violation or a potential violation of any applicable statute, regulation, rule or order, the information you provide in this form may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information you provide in this form may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding. In addition, information provided in or submitted with this form, or in response to subsequent inquiries, may also be subject to disclosure consistent with the Communications Act of 1934, FCC regulations, the Freedom of Information Act, S. U.S.C. § 55.2, or other applicable law.

If you owe a past due debt to the federal government, the information you provide in this form may also be disclosed to the Department of the Treasury Financial Management Service, other Federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide the information to these agencies through the matching of computer records when authorized.

If you do not provide the information we request on the form, the FCC or Universal Service Administrator may return your form without action or deny a related request for universal service discounts.

FY2024 FCC Form 470 Slide 106

D 12 Read the message regarding the certification and click "YES" if you agree

D (3) Once you click "YES" in the confirmation message, the form will be certified and will be made available for potential bidders. This action will start the 28-day waiting period.

The certified form will appear on the landing page in the "FCC Forms and Post-Commitment Requests section"

# The Competitive Bidding Process

#### What happens after I certify the form?

The FCC Form 470 will be made available through the EPC Portal for competitive bidding once it has been certified.

Once the form is received by USAC, a notification appears in the newsfeed for all members of your organization. This message confirms that the form has been received and provides the Allowable Vendor Selection / Contract Date for your form.

# What happens during the competitive bidding process?

- 1. You start receiving bids from service providers
- 2. You wait at least 28 days after the date the FCC Form 470 was posted and the date the RFP was issued (if applicable), whichever is later
  - during this 28 day period you must ensure an open and fair bidding process
  - the 28 days for RFPs is independent of the 28 days for the Form 470 posting ... make sure you count your days correctly and let 28 days elapse on both before making a decision

#### During the 28 days:

- Make <u>no</u> bid evaluations
- Select <u>no</u> vendors
- Sign <u>no</u> contracts

# What if I change my RFP?

USAC takes an extremely punitive approach to any changes to either the Form 470 or RFP --- if you change ANYTHING on either the form or the RFP (no matter how insignificant it may seem) or answer vendor questions in a Q&A, it is safest to restart your 28 day competitive bidding clock.

Reasons to restart the 28 day clock:

- Added or modified equipment or services
- Modified entity list
- Modified project scope

Otherwise, USAC may determine that you violated competitive bidding rules and deny your Form 471 application.

# How do I ensure an open and fair bidding process?

- Treat all bidders the same
- Give equal and consistent information to all bidders
- Do not give insider information or advance knowledge to bidders
- Accept <u>no</u> gifts from bidders
- Avoid the appearance of a conflict of interest with a bidder
- Service providers are not allowed to assist with the process
- Keep all bids received (not just the winning bid)
- Respond to all bidders
- Keep copies of all correspondence with bidders
- Fulfill any local procurement obligations, including posting in a newspaper or releasing an RFP, if required

#### What if a provider contacts me?

- Service providers will contact you if they need more information.
- Whatever you share with one vendor must be shared with all vendors.
- When contacted by a vendor, you <u>must</u> indicate your willingness to receive a proposal for services listed on Form 470.
- You are <u>not</u> required to ...
  - respond to "generic" or "spam" emails such as: "I saw your 470,
     please call me to discuss your needs"
  - respond to inquiries for services you did not request

# Selecting a Service Provider

# What can I do on day 29?

- 1. Evaluate the bids received
- Choose your service provider(s)
- 3. Sign a contract
  - most C1 services require a signed contract <u>before</u> a Form 471 is filed
  - <u>all</u> C2 services & equipment must have a signed contract <u>before</u> a
     Form 471 is filed
  - may be for one or more years
  - may include the option of voluntary extensions
- 4. Submit an FCC Form 471

## How do I select a service provider?

- Have a written process for evaluating bids fairly and equally.
  - Identify the criteria for selection prior to selecting your provider.
  - Disqualification factors must be yes/no responses and cannot be scored on a range.
- Complete a bid evaluation document, even if you just received one bid.
- Date the completed bid evaluation document to show you waited at least 28 days to make your vendor selection.

**Words of Caution:** You cannot consider "free services" in your bid evaluation, such as "I'll give you X for free if you purchase Y."

# Sample Bid Evaluation Matrix

Factor	Points Available	Vendor 1	Vendor 2	Vendor 3
Price of the ELIGIBLE products and services	30	15	30	25
Prices for ineligible services, products and fees	25	20	15	25
Prior experience with vendor	20	20	0	20
Understanding / fulfillment of needs	15	0	15	15
Local or in-state vendor	10	10	8	7
Total	100	65	68	92

## Do I have to accept the lowest bid?

- You do not have to accept the lowest bid according to E-Rate rules, but cost must be the primary consideration.
- You may consider as many factors in your evaluation as you want, but the price of the E-Rate eligible products and services must be included as a factor and must be weighted more heavily than any other single factor.

## What if I only receive one bid?

- If you received one bid, and that bid is cost-effective, you should memorialize that fact with a memo or email for your records.
- You should still complete the bid evaluation document for the one bid response.

# What if I did not receive any bids?

- If you did not receive any bids, you can solicit bids from a willing vendor.
  - Make sure the price actually is cost-effective
  - Check marketplace options from other vendors in your area or nearby areas.
  - Save research and information to justify buying service from this vendor.
- If you currently receive services from a service provider, you can ask your current provider to submit information in response to your Form 470.

#### What if I reject all the bids?

If as a result of the competitive bidding process the applicant decides that none of the bids received is responsive and rejects all of them – or if the applicant decides to cancel the competitive bidding process for other reasons – the applicant must file a new Form 470 to open a new competitive bidding process.

- Before posting a new form and issuing a new RFP, the applicant could then make any desired revisions or changes that might improve its chances of receiving responsive bids.
- In the event of a complete rejection or cancellation, the applicant cannot use the earlier Form 470 nor cite that form on a Form 471. To avoid any confusion, cancel the earlier Form 470.

# What if I change my mind?

You are allowed to change your mind and not purchase a service that is listed on a Form 470.

## When can I sign a contract?

- You cannot sign a contract for E-Rate eligible services (and expect to receive discount) without first posting a Form 470.
- You must wait at least 28 days from the posting of your Form 470 and any RFP.
- You cannot not sign a contract before the Allowable Contract Award Date noted on the RNL (this date does not change on the notice even if you did something that caused the 28 day clock to restart – calculate a new 28 day period in such an instance).
- A contract must be signed and dated by the applicant and the service provider prior to the Form 471 certification date.

**Note:** You may want to include contingency language in case you don't get funded, especially for Category 2 items.

# Wrapping Up

## What do I save for my files?

- **★** Save all records for at least 10 years from the last date of service ★
- A copy of the completed Form 470
- A copy of the Form 470 certification page
- The RFP (if one is issued)
- FCC Form 470 Receipt Notification Letter
- A copy of every bid received (winning and losing)
- A copy of all correspondence with bidders
- A completed, <u>dated</u> bid evaluation document and any documentation supporting how you selected the winning bid
- The signed contract
